FDP on Data Science and Machine Learning

AICTE Teaching and Learning (ATAL) Academy sponsored 6 days Offline Faculty Development Programme on Data Science and Machine Learning was conducted from 1st -6th January 2024 which was organised by Department of Computer Science and Engineering, Samrat Ashok Technological Institute Vidisha. 84 participants applied and 60 participants were selected from different parts of the country.

Day-1

Dr. KR Pardasani, Professor, Computer Application Department, MANIT Bhopal. He was speaking at the inauguration of the Faculty Development Program on Data Science and Machine Learning organized by the Computer Science department at SATI.

The second session of FDP was graced by the innovative and fruitful lecture by Dr. Kanak Saxena. She explained the intricacies of Data Science and Machine Learning and discussed their applications. She explained the usefulness of machine learning very easily through interactive activities.

The Third session of FDP was graced by the hands-on practice in python by Dr. Sunil Joshi.

Day-2

A very fruitful expert lecture was delivered by Dr. Sandeep Raghuvanshi, Data Scientist, Synechron Pvt. Ltd., Bangalore on the 2nd day of ATAL FDP organized by CSE Department, SATI, Vidisha. The expert lecture was on the topic of recommendation system. He also explained how Artificial Intelligence (AI) has been able to recommend.

In the second session, Dr. Kanak Saxena, Head, CSE SATI, Vidisha explained about the importance of learning with activities. After this, Dr. Sunil Joshi gave a hands-on on the tools of Python used in machine learning and data science.

Day-3

A very fruitful expert lecture was delivered by Dr. NS Choudhary, Vice Chancellor, Assam Science and Technology University on the 3rd day of ATAL FDP organized by CSE Department, SATI, Vidisha. The expert lecture was followed by videos explaining how Indian Railways' new project "Kavach" works. He also explained how Artificial Intelligence (AI) has been able to read our brain signals.

In the second session, Dr. Sandeep Raghuvanshi, Data Scientist, Synechron Pvt. Ltd., Bangalore explained about Linear Regression. After this, Dr. Sunil Joshi gave a hands-on on the tools of Python used in machine learning and data science.

Day-4

In the first session, Dr. Sandeep Raghuvanshi, Data Scientist, Synechron Pvt. Ltd., Bangalore explained about Application of Data Science. After this, Dr. Sunil Joshi gave a hands-on on the tools of Python used in machine learning and data science..

In the second Session, Dr. Ashok Sharma, Assistant Professor, Jammu University, Jammu, interactively explained Rapid Minor Tool for Data Mining.

Day-5

During the program, the participants also had the wonderful opportunity to visit DataNutts IT Solutions, an IT company in Bhopal. There, they received an enlightening lecture on Artificial Intelligence and Machine Learning from Jagdish Joshi, the Vice President, and Mayank Kukreja, the Manager.

Day-6

The ATAL Faculty Development Program on Data Science and Machine Learning at SATI Vidisha has come to a successful conclusion on 06.01.2024. On the final day, Dr. Sanjay Katare delivered a motivational lecture, shedding light on the fascinating layers of our brain's neural network and how it guides our actions through sensors

In the valedictory program, the participants expressed their appreciation to Dr. Kanak Saxena, HoD, CSE Department and the coordinator Dr. Sunil Joshi for organizing this wonderful workshop. Participants requested more such enriching faculty development initiatives.
