SPEAKERS AND SKILL DEVELOPMENT CLUB

AIM -

The official speakers and skill development club of SATI.

A non-profit organization aimed towards collective growth and flourishing of college and its students in every aspect by encompassing and coordinating a variety of events and bringing forth a supportive atmosphere where individuals can perceive their speaking capabilities.

This club provides an opportunity for students in the Institute to reorient and empower themselves in light of emerging future opportunities at all levels.

[fiatsati](#) [fiat_club_sati](#) fiat.club@satiengg.in

The Speakers and Skill Development Club (FIAT) of SATI was established to explore and enhance the student's interest in personality development and linguistic abilities. The club focuses on providing a platform for learning, practising and refining specific skills that can contribute to personal and professional growth. Additionally, the club encourages students to plan activities that will foster their creativity, individuality, and personal growth while still being enjoyable.

VISION:

We aim to develop a community of lifelong learners who continuously enhance their skills, knowledge and capabilities. Our mission is to empower individuals to realise their full potential, embrace personal growth, and make a positive impact in their lives.

To further the club's objective among its own members, the club has begun its intra club activities since last year, adding depth to its core activities.

OUR SPECTACULAR CLUB EVENTS:-

1. **Crime Scene Investigation** – Crime scene investigation is our historic occurrence. So far, our club has hosted four successful seasons. The pattern has always been the same, despite various mottos each year. The first phase being pen-and-paper round with general knowledge and aptitude-based questions, while the second round being an investigation for a crime. Our club members use their ingenuity to create crime plots, and teams were formed to investigate. This event has always been a huge success.
2. **Potpourri** – It was a two-day event with enjoyable brainstorming sessions. There were a few rounds such as what-if circumstances in movies, memory test- identifying the object after looking at it for 30 seconds, and identifying the audio. Winners were given exciting prizes.
3. **AdMania** – The participants were segregated into different groups. Each group was supposed to act out various advertisement scripts and ideas related to different sectors and genre. Through this event the participants got the opportunity to explore and showcase the entire prowess they possessed.
4. **Brainiacs** –An event for the maniacs with brains. The main motto of this event was to elevate students from “being a gully boy to the superstar they aspire to be”. This event emphasised learning while having fun.

5. **Fun zone** –Making use of the college garden as a means, our club organised a fun activity to boost students’ thoughts and brains.

6. **Movie trivia** – Even when everything went online due to covid, our club didn't cease.Our club continued its heritage by hosting a movie guessing event in which participants had to guess the movie using text and image hints in provided online within a certain time frame. It had two levels: level one was movie trivia and level two was brain metrix. The winner and runner up received cash prizes.

7. **Group Discussion** –Knowing the importance of group discussions, our club organises group discussions (GD).The partakers are provided with the topic for their discussion which they enunciate in a fixed time frame. Our motto is to improve student’s leadership abilities, communication adept, social skills, behaviour and so forth.

8. **Stage and event management-** In addition to these, we lay an emphasis on abilities like stage and event management. Our club is in charge of stage management, anchoring and whole event management for the various shows organised in the institute. One such event was to commemorate Late Shrimant Madhavrao Scindia Ji death anniversary.

GROUP DISCUSSION

One of the recent events we organized was a group discussion (GD). The partakers were provided with the topic for their discussion which they enunciated in a fixed time frame. A brief time was allotted before the discussion to enable them to browse their ideas and information on the said topic. As this included a conversation and perfect musings between a good assemblage connected with one basic notion, we succeeded with our motto to improve the student's competencies, such as leadership qualities, communication adept, social skills, behavior, and so forth.

PERSONAL INTERVIEW

Contemplating that, as the pursuers of Engineering Careers, our students are going to face placement interviews shortly, we recently held a Personal Interview as one of our personality development programs. The interview focussed on the elocution skills and demeanor of the applicant. It contained at least 4-6 questions, with a time duration of 5-10 minutes. The event was organized flourishingly, fulfilling our objective to reinforce the traits like Flexibility, Problem-solving skills, Time-management, and Self-confidence in the students.

AD-MANIA (EVENT ORGANIZATION)

The first offline event we came across was AD-MANIA. The event allowed the individual and collective proficiency of the students participating in it. The participants were segregated into groups. Each group was supposed to act out various advertisement scripts and ideas relevant to different sectors and genres. Through this event, participants got the opportunity to explore and showcase all the prowess they possessed.

STAGE AND EVENT MANAGEMENT

Recently, our college organized an event to commemorate Late Shrimant Madhavrao Scindia Ji. Our club handled the responsibility of the full event management, anchoring, and stage management of the program. A team was organized to volunteer and manage the whole event, followed by a speech orated by one of our members that highlighted the achievements of Shri Madhav Rao Scindia Ji.
